HIAWATHA FIRE-RESCUE

MEMORANDUM

TO: HONORABLE MAYOR, HIAWATHA CITY COUNCIL

FROM: MIKE NESSLAGE, FIRE CHIEF

SUBJECT: MONTLY REPORT FOR JULY 2018

DATE: 8/9/2018

The fire department responded to 113 calls for service during the month of July, and as of July 31st, we responded to 750. We are still down from last year, mainly as a result of fewer calls to Cedar Rapids for Area Ambulance. When comparing calls just within Hiawatha, not including Palo, Shellsburg, or mutual aid we have a 3.7% increase year date.

We had several vehicles out for repair over the last few weeks. 2012 Chevy Ambulance had an issue with the heating and air, and we had to replace a bad wiring harness. The steering went out on 286, the 2003 pumper/tanker. It was a bad steering gear box. It was out of service for about 2 weeks. This was a custom part from Pierce so it had to be ordered. The end result in that was an invoice to Interstate Power for $6,168.73.

Our new rookies are progressing well. They have all been assigned to duty crews, given keys, and given pagers. One of the paramedics in the group has been working through her orientation with us during the day, and doing well. This is a pretty hard working group and we have high hopes.

As I have mentioned in the past, I've been working closely with surrounding Fire Chiefs. We are in the process of developing automatic mutual aid agreements. Under "auto aid" agreements, multiple departments are dispatched at the same time to certain type of incidents, within certain geographical areas. This allows all departments to leverage staffing and equipment better. A good example is that we would have Monroe Township FD dispatched automatically to building fires in Pines at Turtle Creek. The Home agency still maintains authority and responsibility. No money changes hands, it's simply helping each other out and improving efficiency. Mark Parmenter has been sent a draft agreement to begin looking at. We are months out yet, but it is a positive step in improving fire protection.

Starting September 1 we will be providing medical staffing at DAEC for their fall refueling operation. This consist of providing 1 paramedic 24 hours a day. You previously approved this contract. I wrote a few months back about completing a contaminated patient drill in conjunction with DAEC and FEMA. We received the official report back from FEMA and they had no comments, meaning we did well. Day staff has been attending the appropriate training and several members are going through background security checks now.

We recently set up several dates for the fall. The week of October 8- 13 will be our fall smoke detector battery push. The Chili Supper will be the first Saturday in November, November 3rd. As you recall, we also separated our annual recognition and rewards event into two events; the appreciation event at the Kernals game, and a separate awards ceremony. We have set the awards ceremony for Tuesday January 8th at 7 PM in the community center. Our intent is to continue this event on the second Tuesday of January every year.

There is a small membership committee that has been meeting. They discuss retention and recruitment, which includes recognition, incentives, awards, pay, etc. They were given a goal to have recommendations back to me prior to us working on the FY20 budget. They have come up with some good ideas so far, they just need to shake them out.

Thanks for your support.
