Re: July Public Works Report

Streets – July was the month of vacations. We were short staffed all month with staff vacations. We have completed all the street and parking lot painting. We contract with the City of Marion to do all our centerline and edge painting and they are not doing the greatest of work. I'm going to research the cost of having someone else do it for us. We took all the flags down and repaired all the broken ones. We repaired a couple of sections of sidewalk that had settled on Clark St and Industrial Ave. We also are in the process of replacing the small center islands on 18th Ave that have been damaged. Vehicles serviced: 770, 730, 400.

Sewer – We are having problems with the County Home Rd lift station. I am working with Electric Pump Repair to resolve this.

Storm Water – We cleaned some storm water pipe on Wildwood Dr.
