Date: August 14, 2019

Re: July Public Works Report

Streets – The highlight of the month was getting the bridge placed in the Dog Park. It went very smooth and only took about 2 hours from start to finish. We have the areas pretty well graded and are now waiting for the fence installation and seeding to start.

Other projects we completed/worked on:

- Fill potholes
- Repaired concrete at Fire Station where water leak was.
- Check locates.
- Repair irrigation.
- Mow ROW.

Vehicles serviced: 300, 810.

Sewer – Visu-Sewer, Inc started the cleaning and televising of the Usher's Ferry Sewer Basin. So far, they haven't found any issues.

Storm Water – Nothing to report.
