City of Hiawatha!
Public Works

Memo

To: Mayor, City Admin and City Council

From: Rod Jasa

Date: December 12, 2019

Re: October Public Works Report

Streets – The flashing stop signs have been installed on N 18th Ave and Lyndhurst. They are working good. We checked all the bulbs in the snowflakes and they are ready to install. There are approximately 120 flakes if you are wondering. We took 3 of our dump trucks in to have the brakes and springs checked/repaired. The solar panel project at the shop has been completed. We are waiting for Moxie to come show us how to monitor it on the internet.

Other projects we completed/worked on:

- Put up and take down flags for Veterans Day.
- Haul salt and sand
- Plow and sand streets, parking lots, trails and sidewalks
- Sweep streets
- Check locates
- Did our 2nd and 3rd leaf pick up.
- Mow ROW.
- Merry Christmas everyone!!

Vehicles serviced: 860, 400, 820, 585.

Sewer – Electric Pump was here to start our annual lift station inspections. They found a bad pump in the Edgewood Rd lift station. They took it in for repairs and will finish the inspections when they come back.

Storm Water – Nothing to report.
