Re: July Public Works Report

Streets – In July we got the bus stop shelter at 1790 Blairs Ferry Rd installed. This was a pretty involved project because we had to replace some sidewalk so we could get the right grade to the street. We also had to put a small retaining wall around part of the shelter. The new pick up arrived and we got the light bar and running boards installed on it. We had to do a brush pick up because of a high wind event. With the Robins Rd closure we worked with a couple businesses to install concrete barricades to prevent cars from cutting through their parking lots. Vehicles serviced: 920, 860, 820, 850, M-12

Sewer – Not much was done on the Edgewood Rd Water and Sewer project.

Storm Water – Nothing to report.

Actual hours worked by Public Works employees in each department. Leave with pay hours are not included.
