Re: November Public Works Report

Streets – November was busy doing a variety of things. We completed the leaf bag pickup. We put the flags up for Veterans Day and took them down. We helped the Water Dept with a water main break on 12th Ave. We got the snow flakes installed. We worked the plow trucks getting them ready for winter. We took the street sweeper out and swept leaves. We worked on some street signs that needed replaced. We installed out snow fence along N. Center Point Rd. Vehicles serviced: 820(Service and tires), 860(service and tires), 400, 500, 330.

Sewer – We had an issue with one of the pumps in the Edgewood Rd lift station. It was tripping the seal fail alarm all the time. Electric Pump came and pulled it and repaired some wires inside the pump.

Storm Water – Nothing to report

Actual hours worked by Public Works employees in each department. Leave with pay hours are not included.
