HIAWATHA POLICE DEPARTMENT

Memo

To: Mayor, Council Members

From: Dennis Marks- Police Chief

Date: December 14th, 2017

Re: Replacement of damaged patrol car

In the early morning hours of Saturday December 9th Hiawatha Officers attempted to stop a vehicle that was reported stolen a few hour prior. The vehicle failed to stop. The pursuit ended in Marion with the driver fleeing on foot. Our officer(s) gave chase. While this was going on, the stolen vehicle began a slow roll backwards and stopped when it hit the front of Unit 810. Our insurance company deemed Unit 810 a total loss.

The State of Iowa accepts bids and awards yearly contracts to a single dealership for each make and model vehicle. Governmental agencies, such as Hiawatha, are able to purchase vehicles at the state bid price. The 2017 State Contract for the Ford Police Interceptor was awarded to Stiver's Ford in Waukee. I have spoken with the Stiver's representative who handles state bid purchases. They currently have one vehicle on the lot. The State Contract is available on the State of Iowa's website and contains the price for each and every option added or deleted.

The timeline for placing an order of a Ford Interceptor is approximately 2 ½ to 3+ months for delivery. After a new vehicle is delivered to us the installation of emergency lights and equipment will require an additional 3 to 4 weeks depending on scheduling.

I recommend purchasing the vehicle currently at Stiver's Ford in Waukee as the replacement for Unit 810. The purchase price for this vehicle is $27,767.00.

I respectfully request authorization to proceed with purchasing a replacement vehicle for Unit 810 at the earliest availability.

EPA DOT Fuel Economy and Environment

E85 Flexible-Fuel Vehicle Gasoline-Ethanol (E85)

Fuel Economy
17 MPG combined city/hwy
15 city
20 highway
5.9 gallons per 100 miles

Standard SUVs range from 12 to 93 MPG. The best vehicle rates 119 MPGe. Values are based on gasoline and do not reflect performance and ratings based on E85.

Driving Range
Gasoline: 316 miles
Ethanol (E85): 242 miles

You **spend $3,750** more in fuel costs over 5 years compared to the average new vehicle.

Annual fuel cost $2,150

Fuel Economy & Greenhouse Gas Rating (tailpipe only): 3 (1 – 10 Best)

Smog Rating (tailpipe only): 5 (1 – 10 Best)

This vehicle emits 514 grams CO_2 per mile. The best emits 0 grams per mile (tailpipe only). Producing and distributing fuel also create emissions; learn more at fueleconomy.gov.

Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 26 MPG and costs $7,000 to fuel over 5 years. Cost estimates are based on 15,000 miles per year at $2.45 per gallon. This is a dual fueled automobile. MPGe is miles per gasoline gallon equivalent. Vehicle emissions are a significant cause of climate change and smog.
These estimates reflect new EPA methods beginning with 2017 models.
