National Weather Service

Severe Weather Spotter Training

Saturday, 25 February 2017

St. Mark's Life Center
8300 C Ave. NE
Marion, IA 52302

Training starts at 1:00 PM (2 hour session)

Registration starts at 12:15 PM (Register to become a registered NWS spotter.)

Spotter training classes cover severe weather hazards including thunderstorms and tornadoes. This includes the general structure and movement of severe thunderstorms, identification of important storm features, and safety concerns. Training will be conducted by the Quad Cities National Weather Service Office. (http://www.weather.gov/dvn/spotters)

OPEN TO THE PUBLIC

There is no charge for this training. You are not required to be part of any organization or agency to participate in this session. However, if you anticipate sending a large group, please let us know so we can arrange for additional handouts.

SAME LOCATION AS LAST YEAR

St. Mark's Life Center
8300 C Ave. NE
Marion, IA 52302

For further information, contact the event coordinator Scott Haney by phone at 431-9649, by email (n0gud@arrl.net) or by ham radio (callsign N0GUD).

Co-sponsored by the Linn County Amateur Radio Emergency Service (ARES), the Cedar Valley Amateur Radio Club (CVARC), and Linn County Emergency Management Agency. "Talk-in" for Amateur Radio operators will be 146.745 MHz (–600kHz, no tone). To find out more about ARES or CVARC, visit http://www.iowaares.org/linn or http://w0gq.org/

Co-sponsored by Linn County Emergency Management Agency as part of the StormReady program.
