Re: November Public Works Report

Streets – Snow season is here! We got all the trucks ready to go and even had a few practice runs.

Here's a list of some projects we did in November.

- Sweep leaves.
- Pick up leaf bags
- Put up and take down flags
- Installed snow flakes along Center Point Rd.
- Installed snow fence on N. Center Point Rd
- Helped repair water main break on N. Center Point Rd.
- Repair Oak St from water main break.

Vehicles serviced: 400, 850, 810, 720, 730.

Sewer – We are still investigating the sewer back up at 2085 and 2095 Litchfield Dr. We had a contractor come in and do some televising it that area. Waiting on results.

Storm Water – Nothing to report.
