Re: January Public Works Report

Streets – January was a wet month but most of it was rain! We had one fairly severe ice event on January 16th. We ended up sanding every street in town. We took down all the snow flakes. We have replaced the HPS lights in the back parking lot at City Hall and the parking lot at the shop. We are looking at replacing some in the front lot at City Hall too. We built some flag holder brackets that will be used on the new light poles at the Emmons/Robins/CPR intersection when it is done. Vehicles serviced: 286, 284, 285, 400, 530, 570.

Sewer – We received a call from Cedar Graphics about a sewer backup. We ran our sewer jetter up the main and solved the problem. We have been working on some minor issues on the sewer jetter: replaced a couple valves, repaired a leaky tank, changed hydraulic oil and replaced a rusted tank holder. We are still experiencing difficulties at the Mitchell lift station. It doesn't always start during the weekly exercise test. I'm working with Cummins to get this fixed.

Storm Water – Nothing to report.

Actual hours worked by Public Works employees in each department. Leave with pay hours are not included.

	Streets 21010		Snow 25010		Parks 43010		Sewer 81510		Water 81010		Storm Water	City Hall
	Reg	OT	Reg	OT	Reg	OT	Reg	OT	Reg	OT	Reg	
Total	392		33	14			33				33	4
