Re: January Public Works Report

Streets – Snow season is here! We had snow fighters out every weekend in January. KCRG said we had 21 inches of snow in January. Needless to say, that kept us pretty busy! And February is off to a good start too. We were able to get all the Fire Department vehicles serviced.

List of things we did last month.

- Service fire trucks
- Fill potholes
- Haul sand
- Haul salt
- Haul snow from parking lots and cul-de-sacs.

Vehicles serviced: 286, 285, 284, M8, M16, C15, T-1, 281, 830, 920.

Sewer – Nothing to report

Storm Water – Nothing to report.
