### **Citizens Input**

Phillip Matthews of 103 East Willman Street commented the franchise fee tax on his cable bill is unfair for him to have to pay when others who have satellite do not have to pay the surcharge.

City Administrator Downs explained the cable franchise is state regulated.

Mayor Bennett commented the satellite company does not use the city's right of ways.

Matthews asked if there is a chance the city would put traffic signals at Willman Street and Center Point Road for traffic safety.

City Engineer Bender explained the city has the temporary stop signs at Willman and Center Point Road because of the detour right now but the plan is to do a study to look at implementing the four way stop signs permanently. Bender also stated staff is looking into lowering the speed limit from 35 miles per hour to 25 miles per hour to help improve the pedestrian and bicycle safety through that area, however, traffic signals will not be installed.

### **Report from Council Members/Mayor/City Administrator**

City Administrator Downs commented Crystal Group is hosting their groundbreaking event on April 24. Downs also mentioned a marketing brochure that staff worked on jointly with HEDCO. The marketing brochure highlights all the infrastructure, utilities and shows the growth for a person/prospect coming to Hiawatha not only looking online but something to look at and walk away with.

Mayor Bennett commented he attended the Linn County's State of the County luncheon where they talked about the bridge over Cedar River for the trail, it was neat and everything seemed to be going good for the county.
