#### **Sale and Use of Fireworks – Senate File 489**

Fire Chief Nesslage stated new law allows merchants to sell out of a permanent building and consumers to set off fireworks during the following two yearly time periods: June 1 through July 8 and December 10 through January 3. Nesslage feels it is not the right thing for the state but the City should follow what the state has set.

Police Chief Marks commented he agrees with Nesslage and if the City deviates from the state it will create confusion but feels no matter what the City does, people are going to have complaints. Marks suggested tracking the complaints for the first year to see how it goes.

Council Member Norton asked if people still need a permit to sell.

Nesslage confirmed at the state level a permit is required.

Downs commented the City will educate the citizens through the newsletter and website.

Council Member Wichtendahl commented her perspective for the state to legalize fireworks was to pick up revenue and is opposed to it in Hiawatha.

Council Member Bruns expressed his opinion that telling people what they can and can't do in their backyards gives him heartburn because this is America.

Mayor Bennett stated this might be business opportunities for people.

Norton commented the dates and hours are not out of the ordinary and asked if there will be any fines associated for after hours.

Marks answered it would be a simple misdemeanor or another option is to set a fine for a Hiawatha violation.
