Hiawatha!™

FYI

To: Mayor and City Council

From: Carl Ransford Water Superintendent

Re: Retirement

After 40+ years of service to the City of Hiawatha and Hiawatha Water Department, I am finding it's time to inform you of my plans to retire on August 16th. 2016. The opportunity that I have had working with all of the different people associated with the city whether they were volunteers, employees, board members or elected officials has truly been a rewarding experience for me. I am leaving the water department in very capable hands; the department is staffed with some outstanding professional people that care very much about the City of Hiawatha and its residence. Thank you all

Sincerely,

Carl W Ransford
