CITY OF HIAWATHA
PUBLIC WORKS

Memo

To: Mayor, Kim, City Council

From: Rod Jasa, John Bender

Date: July 14, 2016

Re: B-Ave Overlay Project

As you are aware of B-Ave from Tucker St north to Tucker Park is in need of repairs and the sooner the better. The current surface is concrete. We have discussed various options ranging from concrete patching to full reconstruction. We have decided to do an asphalt overlay. It is anticipated that we will get 10-15 years out of this method. We have received 1 quote now and expect to have another before council. John and I will review the quotes and have a recommendation for Council at the July 20th Meeting.

We have $50,000 budgeted in the Road Use Fund for this work. Work will be completed this year.
