Re: **Boyson Road Trail Extension- 12th Avenue to 15Th Avenue**

Description: **Request Engineering proposal**

Report: The current CIP has funds allocated to extend the Boyson Road Trail from the intersection of 12th Avenue to 15th Avenue. This is approximately 700 feet of 10 foot wide trail. The budget allocated in this calendar year is $100,000.

The current trail was extended in 2013. With the completion of this project, a 10 wide multi-use trail would extend from 12th Avenue to west of 18th Avenue on the south side of Boyson Road.

With approval, we will request a proposal from an engineering firm and bring a contract to the City Council before any work takes place.

Any questions or concerns please let me know.
