Re: December Public Works Report

Streets – We had a few small snow events in December but nothing major. Thing is it requires about the same amount of of salt/sand for 3" of snow as it does for 6" of snow. As a result we had to replenish our salt/sand supply. We installed some more speed limit 45mph on Edgewood as Linn County lowered their portion of it to 45mph also. We helped the Water Dept with 2 water main breaks. One on Emmons and one on Eisenhower. We filled some potholes at varies locations around town. Vehicles serviced: 510, 810, 860, 820, 565, 800, M8, 281, C12, 500, 910.

Sewer – A vent motor in the Mitchell lift station quit working so we ordered another one and replaced it. All lift stations are working correctly.

Storm Water – Nothing to report.

Actual hours worked by Public Works employees in each department. Leave with pay hours are not included.
