Dawn, Ambyr and Kelly had a meeting on April 4th at 6:30pm in the Hiawatha Community Center to go over rules, expectations and placement for the year. They are looking at changing the layout to put all vendors in the middle section of the 10th avenue parking lot to make a continuous circle for all vendors to have the same visibility. This will also help tidy things up and look more structured. During the meeting, there was quite the uproar due to the changes. We believe this will be a positive change after the first market is under way and vendor understand the whole concept.

We will have many disappointed parents and campers if they can't go on field trips.

Parks:

- All park restrooms are now open!
- All of our parks seasonal staff have been hired and will start this month. We have had great luck with our candidates this year.
- We still need Adventure Camp staff! If you know of anyone 17+ please let us know.
- We are still in the mix of finding information out about the HKL Solar Panel. They have been awarded the grant but still have many unanswered questions. We will be working with the City Attorney to see if this is the best option and what an agreement would look like. We will bring this item back to the park board in May.
- We have two Eagle Scouts interested in projects this year. One will be helping with a retaining wall on the back side of the Guthridge Park trail and the other will be landscaping around the benches at Clark Park to give them a face lift.
