**Parks:**

- July 9<sup>th</sup> I will be walking through our parks with an ICAP representative and going over ADA guidelines to make sure we are meeting the accessibility needs in our parks. The City as a whole is going through this process so that we can take a proactive approach.
- We are patiently waiting for County to approve the dog park land agreements, once those are approved we will be getting to work on tree removal and weed control. We are excited to get the process started!
- Kim and I have been meeting with MSA Planning Professionals on the NW Territory Park planning and Master Plan quotes. We believe pairing the projects together will be beneficial in creating a new park and learning about what our residents would like to see over the next ten years. This planning process will include the Commissions help and feedback, along with the community and Council. We are excited for what is coming our way and hope you are too!
