Re: May Public Works Report

Streets – The City Clean Up went well as can be. ABC Disposal gave us 2 garbage trucks this year. We had to supply a driver for one but it really speeds things up. Can't thank them enough for that! We installed some trash cans at a couple of the bus stop shelters that didn't have them. We spent a lot of time getting our irrigation system up and running. The Parks Dept had some staffing issues so we have been helping them with some of their mowing. We also mowed R.O.W., swept the streets and filled potholes. Industrial Ave is done and it looks great! Thank you to Council for getting this done!

Sewer – Edgewood Rd Water and Sewer project is going well. Gravity sewer main is about done. They will be working on lift station building this month.

Storm Water – Nothing to report

Actual hours worked by Public Works employees in each department. Leave with pay hours are not included.
