**Re:** October Public Works Report

---

**Streets –** October started with us doing a project at the Library parking lot. Jeaneal wanted the handicap parking stalls relocated. We had to replace some sidewalk and restripe the parking stalls. A factory rep from Sternberg came out and looked at the LED street lights on N Center Point Rd. I told him about all the issues we've had with them. He took one of the light heads with him and they are going to do some testing on it. I have not heard back from him yet. We winterized all the irrigation lines and splash pads. We did the first leaf pick up. We started sweeping leaves in the streets. We also did the last mowing of the year. Vehicles serviced: 820, 810, Shop Generator, light tower.

**Sewer –** We serviced the generators at Mitchell, Springbrook and Loggerhead lift station. We installed a gate at the County Home Rd lift station driveway.

**Storm Water –** Nothing to report.

Actual hours worked by Public Works employees in each department. Leave with pay hours are not included.
