Re: August Public Works Report

Streets – This month we were able to get all our street painting done. We were a little late getting it done but hopefully it'll last longer. The Dog Park fence is done except for the gates and we have completed the grading around the bridge. Seeding has also been completed and now all need is the grass to grow! We installed the RRFB signs on Boyson Rd by Kirkwood.

Other projects we completed/worked on:

- Install speed limit signs on Todd Hills Rd.
- Install Iowa Home Base signs around Hiawatha.
- Check locates
- Haul black dirt
- Mow ROW.

Vehicles serviced: C-12, 810, 800, 310, 850.

Sewer – Visu-Sewer, Inc finished the cleaning and televising of the Usher's Ferry Sewer Basin. We will review the reports and see what needs some attention.

Storm Water – Nothing to report.
