Re: August Public Works Report

Streets – We tore down the house at 1001 Robins Rd, filled in basement and graded and seeded the lot. We removed the pervious concrete at City Hall and the contractor installed bricks. We had 11 windows busted/shot out in 4 of our bus stop shelters on 3 different weekends. Police reports were filled out but no one has been caught. We did some parking work at the Fire Department. We put up the flags for Funfest and Labor Day. Vehicles serviced: 700, 830, 810, 550.

Sewer – 2015 Sewer and Water Project is pretty well complete. Just need to finish lift station start up and contractor has to complete punch list.

Storm Water – There were a couple heavy rains that caused some minor flooding but no damage was reported.

Actual hours worked by Public Works employees in each department. Leave with pay hours are not included.
