#### **City Council response to Cynthia Strauch Appeal of Order to Remove a dangerous/vicious animal on the property located at 1014 Rainbow Boulevard in connection with Code of Ordinances Chapter 57 Dangerous and Vicious Animals**

Cynthia Strauch of 1014 Rainbow Boulevard explained to council that her dog Angel is a therapy companion dog who is very loving and playful. Strauch distributed pictures to council showing Angel with the grandkids. Strauch said Angel does not have a propensity to attack. Strauch continued to explain one of the dogs named on the police incident report, Phoebe, a Chihuahua, did not get along with Angel; Phoebe was aggressive with Angel.

Cynthia Strauch said after reading the incident reports prepared by the police department it appears Strauch's daughter Alison Strauch and her boyfriend Travis Mollenhauer used some dramatic and colorful language. Strauch said Alison and Travis are the owner's of Phoebe. Cynthia Strauch continued to state while Alison Strauch and Travis Mollenhauer were living with her, Mollenhauer would bully and abuse Cynthia Strauch; she worked two jobs and lived in her room with Angel and another dog Winston in crates.

Cynthia Strauch stated the police reports refer to an incident where Angel and Phoebe got into a fight at the back door to the residence. Cynthia Strauch said Mollenhauer did not witness the incident as stated in the report because he was in the garage smoking a cigarette. Cynthia Strauch continued to state the report says Phoebe was euthanized after this incident but Cynthia Strauch later learned that the vet wanted to keep Phoebe overnight; if Phoebe would have stayed overnight, the dog would not have been euthanized and Alison Strauch and Travis Mollenhauer cannot corroborate the injuries.

Cynthia Strauch said Alison Strauch and Travis Mollenhauer made Angel wear a shock collar and Travis was in control of the remote and he would shock Angel so much Angel ended up with an infection under her collar. Strauch made the claim that Angel suffered abuse at the hands of Mollenhauer and Angel just couldn't handle it anymore. Cynthia Strauch said after the incident with Phoebe, Mollenhauer picked up Angel and threw her out the back door where she landed on the concrete.

Council Member Rampulla inquired if Angel sustained any injuries after Mollenhauer threw her out the back door. Strauch said she believes her husband who is deceased, caught Angel.

City Attorney Parmenter asked Cynthia Strauch if she called the police after Mollenhauer threw Angel out the backdoor. Strauch confirmed she did call the police and Officer Kremer came to the home but Strauch did not file a complaint at the time.

Cynthia Strauch explained Angel went through temperament testing with the Cedar Valley Humane Society. Strauch said she brought Tara, the representative who conducted the temperament testing to the meeting to speak to council.

Tara (no last name provided) said she is a licensed vet with the Cedar Valley Humane Society and she conducted the temperament testing on Angel. Tara said Angel is submissive and has separation anxiety. Tara stated after conducting the temperament testing, Angel would be a candidate to place for adoption. Tara continued to state Angel was tested in a farm setting and she did not attempt to eat the chickens. Tara said her daughter climbed all over Angel without a problem.

City Attorney Parmenter posed the question to Tara from the Cedar Valley Humane Society if it is true that a dog can be temperament tested but could become aggressive, vicious or dangerous later. Tara confirmed Parmenter's statement is true but stated Angel is a good dog and Tara would not allow her own kids around Angel if she weren't a good dog.

Council Member Rampulla asked Tara if she tested Angel with a female or male dog. Tara said the dog was female.

Council Member Brunns inquired about the incident with another dog who lived in the home named Winston. Brunns said the reports state that Alison Strauch heard a fight between Angel and Winston in Cynthia Strauch's bedroom. Brunns asked Cynthia Strauch if Angel hurt Winston.

Cynthia Strauch answered she was trying to get Winston in his kennel where the door became stuck and the dog was injured. Strauch said she took Winston to the vet who said Winston would not survive the surgery due to a heart murmur. Cynthia Strauch affirmed Angel was not involved in Winston's injury.

Council Member Norton asked Cynthia Strauch if Angel ever hurt the kids while they were staying in the home. Strauch said Angel did not hurt the kids.

Cynthia Strauch explained Alison Strauch abandoned the dog Winston and the dog Phoebe was purchased by Alison Strauch from a pet store. Cynthia Strauch stated Alison Strauch also abandoned Phoebe at Cynthia Strauch's home.

Council Member Brunns asked Alison Strauch about the incident with Winston. Alison Strauch said she could not see Winston because Cynthia Strauch was carrying Winston out of her bedroom after the incident. Alison stated Cynthia Strauch simply told Alison she was taking Winston to the vet. Alison said when the incident was going on in Cynthia Strauch's bedroom; Alison heard Angel and Winston making horrible noises.

Cynthia Strauch stated the vet saw no bite marks on Winston but Strauch did not have a report from the vet to certify this information.

Council Member Brunns asked what happened to the dog Phoebe. Alison Strauch confirmed Phoebe was euthanized.

Cynthia Strauch referred to another incident listed in the police reports where Angel bit a neighbor on the hand. Strauch said she believes Angel was protecting her husband while he was speaking to the neighbor over the fence.

Cynthia Strauch said the first of the two incidents listed in the police reports happened in her own bedroom with no witnesses. Strauch stated she believes Alison Strauch and Travis Mollenhauer are being vindictive because they want Angel gone.

Council Member Brunns stated in the information presented in the packet, there is one confirmed incident, two alleged incidents and in the first incident, the people making the accusations did not actually witness what occurred. Brunns referred to Code of Ordinance Chapter 57 Dangerous and Vicious Animals under the definition of Vicious Animal where the code

states one of the criteria of considering an animal a vicious animal is attacking on three separate occasions within a 12 month period.

City Attorney Parmenter said the police reports were based on the definition of a “Dangerous Animal” in Item (M) describing an animal with the propensity, tendency or disposition to attack human beings or domestic animals without provocation or any dog or other animal that manifests a disposition to snap or bite.

Chief Marks confirmed the police reports were issued using the definition of a “Dangerous Animal”; unprovoked bite of a human and propensity to attack.

Council Member Olson inquired if a pet is considered dangerous if there was one fight in a household with another animal.

Chief Marks stated the Order to Remove the dog was issued based on incidents the police department has documented since 2011. Chief Marks said this year there was some agreement between the parties that the incidents actually happened.

Council Member Olson stated he does not see any evidence of three incidents in a 12 month period. Chief Marks stated the Police Department went with propensity to attack because the nature of the incidents met the criteria to bring the matter before City Council for a decision.

Council Member Wichtendahl said when Phoebe was put down the medical report would meet the ordinance requirements for “Dangerous Animal.”

*Olson moved to grant the appeal submitted by Cynthia Strauch against the Hiawatha Police Department Order to Remove a Dangerous / Vicious Animal, a dog, Angel from the property located at 1014 Rainbow Boulevard, related to Code of Ordinances Chapter 57 Dangerous and Vicious Animals, seconded by Bruns. AYES: Bruns, Olson, Norton. NAYS: Rampulla, Wichtendahl. ABSENT: None. Motion carried.*

*Appeal granted.*

Dusek said HEDCO will also be doing some rebranding on the website and hosting more Business Summits to try to capture a different crowd.
