Dodson said the board learned the tank does not have to be full all the time; the board will have more discussion on cost at the next meeting.

Dodson added the Water Department is looking to move forward with hiring another person to fill an open position by July. Dodson said the board adopted SUDAS standards.

City Administrator Downs mentioned the Fire Chief's report noted improvements to the city's ISO rating and this will have a positive effect on homeowners insurance at renewal. Downs added the Water Department had an excellent score and this is due to making improvements as needed. Downs said staff is thankful for Local Option Sales and Service Tax Dollars to help make these types of improvements.
