He explained that the applicant has one year to act on the preliminary plat. Jon then asked about all the dust that this construction will create. Pat stated it would be a code enforcement issue that would be addressed by the code enforcement officer. He told him that he would have to call in and report any trash or dust issues. Chad Pelly with Ahman Companies addressed the Board. He stated that he was there to answer any questions the audience or Board may have. Mark Powers asked if there was any consideration on moving the street to Pecks Blvd. instead of Blairs Ferry Rd. Chad explained that they are working with Cedar Rapids and Hiawatha engineers to work it out. They are moving towards a traffic light on 18<sup>th</sup> and prospective commercial businesses would want options left open.

Mark Powers suggested that both resolutions be contingent on a traffic study. He also explained that the Preliminary Plat may change before the Final Plat is issued.

Lisa Clusterman addressed the Board. She asked if there was a map that shows Edgewood Rd. John Bender offered to get one for her and anyone else that would be interested. She then added that she would like the Board to consider green space. Pat Parsley explained that there are requirements for green space and they would be enforced. She then asked what was going to go in there. Pat stated that they were here to receive development information. He explained that it is zoned for retail, restaurants and office space.

Amy Hide addressed the Board. She asked where Edgewood Rd. would be going. Mark Powers explained that the road will go between Pecks and D&N Fence. She also voiced her concern for erosion control and dust and asked if they were going to put a fence up between business and residential. Pat Parsley explained that the erosion control policy would be enforced there are no screening requirements for this property.

Larry Stevenson addressed the Board. He stated that he is concerned about lighting and storm run-off. Pat Parsley explained there would be no more run off then there is now. He also stated that Hiawatha requires down lighting to comply with the Dark Sky and the lighting plan would be reviewed for compliance.

Jill Breidenbach addressed the Board. She stated that she also was concerned about lighting and run off. She also voiced concern about noise and thought the buildings are too close to the tree line.

Robert Mershan addressed the Board. He voiced his concern about home values going down and suggested that a fence between residential and commercial is best.

Chad Pelly addressed the Board. He explained that home values should not be affected. He stated that they designed the Fountains and were 95% Full. He went on to say that they are hoping to get the sewer and water in this year. He assured the audience that the dust will be controlled and suggested that they call the city if it wasn't. He explained that the trees and shrubs will be salvaged if at all possible but everything else will be removed. He assured the audience that they would be following all erosion control, green space and lighting requirements.
